No Filter To Clog

For dust collection systems to work efficiently, they need to out draw the vacuum on the sander. Most sanders have about 240 cfm and edgers about 160 cfm. So minimum 400 cfm is needed. The system also needs to have enough hose to operate outside. Get the dust outside for the best results.

COMPACT

Specs

Increased Sanding Dust Pickup
2- 2 hp 220v or 2 - 110v 1.5Hp Continuous
Duty Sealed Motors
Over 1600 CFM
50 ft of 5" hose to the wye connector then
50 ft of 3" to the sander
50 ft of 2" to sander and edger or buffer
15 ft of 1 1/2" extension/reducer to edger/buffer
Adapters and connectors included for all
Sanders (Specify)
Quick Disconnect adapter for Drum Sander
75 ft 10/3 Gray Rubber Power Cord
Blower base unit is 185 lbs
Two 6" rubber - wheels like a hand cart
220 volts at 19 amps (requires 30 amp 220v)
110 Volts - 2 circuits 15 amp
40 Gallon Capacity Sand 4 times longer
Comes with 4 extra dust bags
26" wide 39" high (total height 6.5" to 84")
Dust cyclone removes for storage and
repositions to front or right side
Specifications may change at any time.

THE DUST JET

This is the performance you need!

- OUT DRAWS the sander and edger together.
- Can run 3 machines.*
- Portable - Modular - comes apart into 5 pieces.
- Uses plastic bags to collect dust.
- Large 60 sq ft filter - Sand MORE - stop less.
- Comes with two 2" 50 foot hoses, accessories, and adapters to fit your machines. (For Galaxy and other high output sanders use optional 2.5" hose)
- Can operate 125 ft away from system (with 4" optional feed hoses).
- Optional Remote control.
- Optional 220 volt electric adapter feeds sander and system using 8/3 feed wire to connect to a 50 amp breaker.
- Dust barrel rolls on its own wheels and attaches to the system (rolls easily with cabinet)
- Exhaust waste air outside using the optional 4" feed hose. This creates negative air pressure in the room!
- Greatly increases efficiency.
- Total 1200 cfm of vacuum motors.
- 120" waterlift capable.
- Weight of vacuum cabinet (200 lbs) Separates into 2 100 lb pieces)
- 4" piping to cyclone allows best in class air flow! -
- Cabinet assembled is 20" x 22" x 56" high.
- 220 volt 4 variable speed vacuum motors draw 14-25 amps.

For dust collection systems to work efficiently, they need to out draw the vacuum on the sander. Most sanders have about 240 cfm and edgers about 160 cfm. So minimum 400 cfm is needed.

Why 220 Volts? Why up to 25 amps? We are trying to exceed the fan on the sander and the edger. This takes power.

Optional
Wireless
Remote
Control

Have 10 Sq Ft in your van?

2'x 5' or 40" x 40" ?

40" of HEADROOM?

THEN IT WILL FIT !

WITH OPTIONAL ADAPTER YOU CAN MAKE 1 CONNECTION TO A 50 AMP BREAKER TO RUN BOTH THE SYSTEM AND YOUR SANDER!

Made in the USA

Why 220 Volts? Why up to 25 amps? We are trying to exceed the fan on the sander and the edger. This takes power.

THE UFO

(Universal Floor Oscillator)

CENO BUFFER
& UFO
UFOCC
\$2675

DO YOU WANT **DUST COLLECTION**
AND AN **ORBITAL SANDER**?
Turns a regular buffer into a **FAST CUTTING**
RANDOM ORBITAL ACTION SANDER!

What is the UFO?

- 1) It's a 40 lb attachment that fits a regular buffer and can be easily removed for other screening processes allowing normal use of buffer. **BUFFER SHOULD BE 1 1/2 HP AT 160 - 175 RPM**
- 2) Makes a buffer cut 3 times or more **FASTER**. The orbital action adds weight so it cuts better but the geared orbital action cuts down on the scratches and swirl marks **AND INCREASES SANDING SPEED**.
- 3) It can cut fast enough to practically **REMOVE CHATTER!**
- 4) **PRODUCES A GREAT FINISH!** SAND using a drive pad & either standard screens or doublebacked sandpaper or sandpaper mounted on our special driver
- 5) **USES REGULAR SAND SCREENS!**
- 6) You are not carrying an extra piece of equipment! You have a buffer.
- 7) Buffer handles-turns like a normal buffer! You do not have to push it around.
- 8) **ADDS DUST COLLECTION** Connects to your vacuum with a 1 1/2" hose. Sands right up to the wall! **GREAT DUST PICKUP WITH INCLUDED SKIRT**

Built in slip clutch

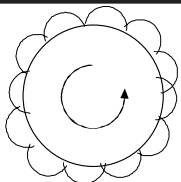

Dust enters through holes in brush driver, drawn through the housing, and out the dust pipe into your vacuum.

It picks up at the bottom edge of the pad.

(PIPE RESTS AGAINST BUFFER HOUSING AS PART OF GEAR DRIVE)

Note: UFO will not work unless either a dust pipe or special bracket is used!

BRUSH DRIVER (MIGHTY-LOK driver) IS BOLTED TO ATTACHMENT BUT CAN BE CHANGED EASILY. USES 15" THRU 17" DRIVERS. STANDARD 16" DRIVER

UNIQUE SANDING PATTERN
THAT IS TOTALLY DIFFERENT THAN
ANY OTHER ORBITAL STYLE SANDER

SCREEN TURNS AT 175 RPM WHILE
GEARED ACTION FORCES ORBITAL
MOVEMENT

SPECS

Aluminum housing 13.7" Dia 5" Tall
(with Brush Driver) 42 pounds

Uses steel gears prelubricated and
ball bearing construction
Call to see if your buffer will run the UFO.

More info on web site WWW.USSANDER.COM

WHY SO MANY SANDERS TRUST THE UFO HUNDREDS IN USE !!

RUNS LIKE A BUFFER

SANDS LIKE A GRINDER

FINISHES LIKE AN ORBITAL

- It's Faster! 3-6 times faster than a regular buffer! So you save time.
- Dust collection! Only system that can sand to the WALL!
- The 16" edger? You can screen right up to the wall.
Less time spent in finish edging.
- It has **ORBITAL ACTION!**
- Hallways with cross grain wood can be sanded with your large machine and then finished with the UFO. Easier than edging the whole hallway!
- Borders, parquette, inlays, herringbone and more are simple!
Sand and screen as usual. The orbital action takes care of the normal problems with swirl marks.
- SANDS AWAY CHATTER WITH OUR SAND PAPER DRIVER
- Get the Perfect finish for stains.
- TRY IT! Return the UFO in 30 DAYS for a refund.*

Low PRICE! High Quality

ALUMINUM BILLET

No WARPING!
More Rubber!

One Edgerpad
2 Edgers!
Fits Super 7 & B2

MADE IN USA!

a US Sander part

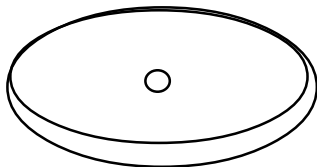

- Our Exclusive snap-off spacer allows for use on Super 7 and B2 style edgers
- Made from CNC turned aluminum billet for strength without cracking
- Precision made means no dressing needed on most edgers
- Extra rubber allows for longer use before replacement
- No separate lower ring to breakout or crack off. Added safety!
- Difficult to bend! Does not warp from sanding heat.
- Specially designed rubber profile to reduce buckling of sandpaper. Tougher, longer lasting rubber!

POWER BOOSTERS

- Supplies full voltage for up to 8 hp motors
- All that is necessary is to connect the lead in plug and select the incoming voltage on the switch.
- The transformer boosts to a full 115 or 230 volt so that your machine runs cool and more efficient.
- It is not necessary to make special hookups for either of the voltages.
- There are two 110 and two 230 volt plugs on the booster.
- Simple and easy to operate, determine low voltage with your meter and boost as needed.
- 72 Pounds (Heavy Duty Transformer)

20 amp Booster # A01
30 amp Booster #A02

Clarke Power Booster

- 25 Pounds
- One 230 and two 110 Volt plugs
- 90%, 100%, or 110% Boost Option
- 4 wire power input plug

A03

The Sidewynder

Get 220 V From a Regular Wall Outlet!!!

RUN OUR DUST SYSTEM
ON 110 VOLT PLUGS!

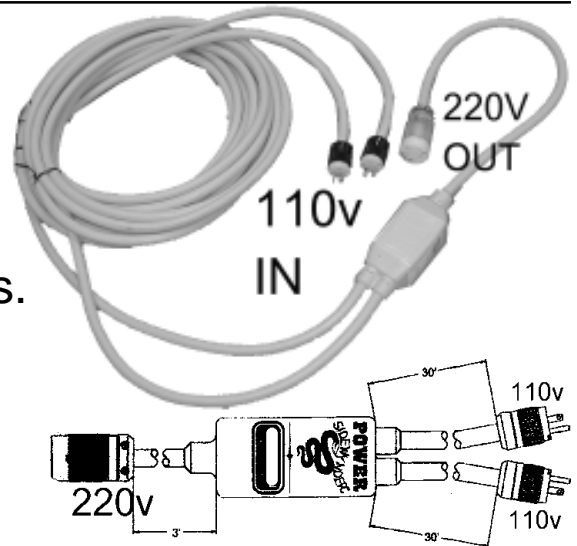

Also buffers, edgers, vacs, some sanders.

Plug the Unit into 2 different wall outlets on 2 different Circuits and receive 220 V to run your sander, buffer, edger, or anything else that runs on 220 V. Must have a good ground. Will not work on GFI. See specs.

NEW LIGHT TELLS WHEN 220V IS ON!

Provides 15-20 Amps 208-220 V.

#SIDE

Splitter Box

- 25 feet of 8/4 to box
- Main Circuit breaker
- Two 20 amp 220v outlets
- Two 110v outlets
- Powdercoated
- Grounded
- One connection powers all your equipment

Sander Motors

Standard 8 & 12, Super 8 & 12, American 8 & 12

- 4 HP 220V 1750 RPM

Motor Runs at Smooth Original RPM but with more
Cutting Power, 2X the Torque of 3450 RPM Motors

- Sealed/Dustless Motor
- Externally Fan Cooled
- Electronic Start Switch
- Capacitor Run
- Carry Handle
- Includes Motor, Drum, and Fan pulleys, Steel
- Includes V Belts, Drum and Fan
- OEM Style Motor Plate with Handle

We believe the original sanders run so well because of
low speed high torque motors. This reduces vibration.
Also V belts are available anywhere.

Switch Box Update

Professional Installation Required

Update your Hummel switch box to a new simple ON/OFF circuit breaker. This new switch box will eliminate all of the costly parts that the original box uses. With the new box, all of the components are standard parts that all motors use. They are cheaper to buy, easier to get, and easier to replace.

HSSW Switch Box Update)

Remanufactured Motors

Don't buy a new motor, have your old one remanufactured. Let us remanufacture your old motor and turn it back into a new running one. We will remanufacture the field, install new bearings, and repaint your motor.

Remanufactured Motor
Remanufactured Motor
(with Updated Switch Box)

TUNEUP FOR YOUR Edger

To obtain the maximum Life out of your Edger
ALL Edgers Should be *TUNED UP EVERY 2 Years*

Send your Edger to US SANDER and we will do a complete tuneup on your Edger. We will disassemble your Edger, clean out the old grease, install new bearings, brushes, seals, grease, and test your Armature and Field for any defects. If any extra work is required on your edger there is no extra labor charged, only the parts that are required will be billed to you (if any extra parts are required on an Edger, the parts will only be added with the owner's permission.)

American B-2 \$175.00
 Shipping not included

Clarke Super 7 \$175.00

When shipping an Edger; remove the dust pipe so it does not become damaged in shipping, always insure an Edger for the cost of a new Edger in case any shipping mishaps occur, always include a return address and phone number with a brief description of what you would like done to your Edger **INSIDE** the box (tuneup, anything else that is wrong with the Edger), and pack it in a sturdy box with at least 3" of packing material around the edger.

Clarke EDGER ACCESSORIES

Edger Pads

New improved design from US Sander.
Solid Machined aluminum housing, will not crack like an original casting, or bend like the metal pads. More rubber to last longer, precision ground, and electronically balanced.

Crain Power Saws

HD Undercut Saw

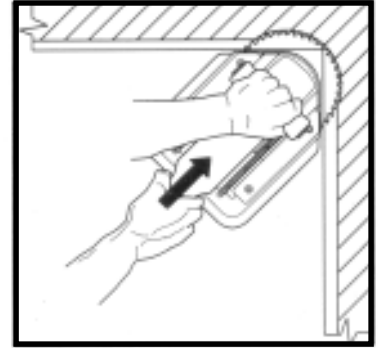

Vacuum Ready!

This saw DOES IT ALL! Works on inside corners where no other saw can reach. Cuts door JAMS! The corner shaped blade housing the saw is positioned easily in the desired corner that is to be cut (6 1/2" saw blade cuts a 3/32 undercut) 10,000 RPM, 6 AMP motor

#820 Inside Corner Saw

#821 Carbide-Tipped Blade

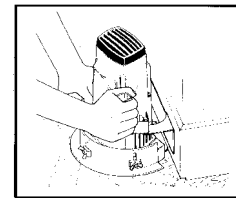

Undercuts Inside Corners!

Now with Dust Collection!

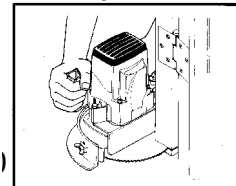

Super Saw

Completely redesigned Super Saw with more features and power. 13 amp Motor 6 1/2" flush cutting blade can fully undercut inside corners in tight areas. Cut 1 3/4" Doors without removal. Cut from Flush to 1 1/4" off the floor. Vacuum Fitting for Dust Containment. Retractable Stabilizer. Carry Case, Carbide, and Masonry Blade included.

Toe-Kick Saw

More Powerful Motor and carry case. This saw cuts flush to the wall in those hard to reach toe kick areas. It features a sharp, long-lasting carbide-tipped blade with fixed cutting depth for perfect flush cuts. 2 1/2 HP, 11 AMP, motor

#795 Toe-Kick Saw

#787 24 Tooth Carbide Blade

Multi-Undercut Saw

A Versital saw that undercuts along walls, door jambs, under toe spaces, and will also full undercut inside corners. The height of cut is easily adjustable from flush to one inch above the floor. Crain Exclusive dual angle depth gauge and allows undercutting at a "straight-on" or a 45 degree angle. Visual adjustment scale for depth. Comes with custom bell-shaped (more rigid) carbide blade and carry case.

#555 Multi Undercut Saw

#556 36 Tooth Carbide Blade

Premium 5/8" Rubber used on all Red Drums.

Having Delamination Problems on your Red Sponge or Galaxy Drums?

NEW

Black Rubber is Molded on the drum and then red sponge rubber is bonded to the black rubber. This gives the ultimate bond stopping annoying slot delamination problems on red sponge belt drums and any drums used in extreme conditions.

Red and Black Galaxy 2000 Drum Recovery

This process is also used when drums are undersized or need thicker rubber to meet factory specs.

DRUM EXCHANGE

NEED A DRUM NOW!! SEND US YOURS AFTER INSPECTION AND ANY REPAIRS ARE ESTIMATED -
GET ONE BACK THE SAME DAY. NEED ONE NOW? GET ONE TODAY WITH A CORE FEE.
